VIDEO: COLIN TURNER'S Z-DAY PRESENTATION

As you may already know, Free World Charter founder Colin Turner appeared as guest speaker at the 10th annual Zeitgeist Day in Frankfurt, Germany on April 7.

This was a fantastic opportunity to spread the word about the Charter, its related projects and our new umbrella company Free World One, and Colin took full advantage!

Grab a cuppa and check out the video of Colin's Z-Day presentation, around 20 mins long...
