Dear missmaster

Happy New Year! Before we dive right into what 2013 has in store, let's take a look at all the awesome treats we added to your favourite casino in 2012...

Read on for more!

2012's greatest additions

Last year the **superheroes** multiplied in number, bringing even more adrenalin-pumping action your way; we brought Roulette, Blackjack and Baccarat into the 21st century with gorgeous lady dealers **live via webcam**; and we added to our collection of unique and exciting **3D slots** that you won't find anywhere else! What a great year, but just wait til you see what we've got planned for 2013...

Keep it here for 2013

Win BIG with this giant...

Step into the ring alongside the massive **Andre the Giant** for some rewarding rounds that'll really pack your pockets with prizes... Watch your winnings skyrocket with **expanding wilds, 10 free games** and a fight where **every blow** means more cash for your bankroll!

Go ringside with Andre the Giant!

An action-packed year lies ahead for you...

There's so much more we're planning to add this year to make your online casino experience the best ever, so be sure to stick around as we keep the excitement flowing with **new games** and even more of the **industry's best bonuses and promotions**. Make this year the one you win big...

Carry on winning in 2013!

Good luck in the Casino!

Best Regards
